W. F. NEIKIRK FIRE MARSHAL

Springfield Lawyer Gets \$2,-
400 Job Vacated by Mott
Ayers.

THIRD TIME THE CHARM

Will Devote His Entire Time
to The Office After
January 21.

Frankfort, Ky., Jan. 11.—After several unsuccessful efforts on the part of Auditor Frank P. James and Insurance Commissioner to secure some one to except the appointment of State Fire Marshal to succeed Mott Ayres, the position was today accepted by W. F. Neikirk, of Springfield, Washington county, and he will assume the duties on Jan. 21, and relieve Col. Ayres, who agreed to hold on until some one had been found.

The new appointee is a trained lawyer and is said to be qualified in every way to manage the office and also to successfully conduct any investigations which may arise.

ASSESSMENT

Of All Railroads in Christian
County.

County Clerk Campbell has received from the State Board of assessment the rating for the different railroads. They are assessed as follows: L. & N., Henderson division, \$1,064,410; Clarksville & Princeton division of the L. & N., \$60,925; Illinois Central, \$90,006; Tennessee Central division of I. C., \$68,700; Cadiz-Railroad, \$330.

S. K. C. BOYS.

Won at Basket Ball, But
Lost at Polo.

The South Kentucky College team defeated the "Klub Kentucky" team at Earlinton Friday night in a basket ball game, the score being 25 to 6. S. K. C. lost in the polo game played at the same place the same night by a score of 3 to 0. The games were fast and interesting and were witnessed by large crowds.

BARACA CLASS

Is Invited to a Social Session
By Prof. Evans.

A social session of the Baraca class of the Baptist Sunday school was held in Baraca Hall Friday night. The invitations were issued by Prof. W. A. Evans, teacher of the class. R. C. Hardwick, president of the class, presided and Raymond Tichenor played the piano. The services consisted of an opening prayer, songs and short talks. Refreshments were served. These social sessions will be held every month.

AGED LADY

Passed Away in This City
Sunday Night.

Mrs. Sarah Anne Carter, widow of the late Ben Carter, died in this city last Sunday morning, aged 74 years. Some time since she took a severe cold which developed into pneumonia. The remains were taken to Pee Dee yesterday for interment. She leaves four children to mourn her departure, M. T. Carter, of this city, and Messrs. James and Robert Carter, of the county, and Mrs. Gordon Hanbery, of Nashville.

SUES L. & N.

Plaintiff Asks For \$1,500
Damages.

Dr. T. P. Allen has sued the L. & N. Railroad Company for \$1,500 damages. Plaintiff alleges that in May last, he purchased a ticket at Bowling Green for Empire and came as far as Guthrie. He further states that when he attempted to board the fast train, the only train on which he could reach his destination before the expiration of said ticket, he was refused admission. He was therefore compelled to remain over night at Guthrie and had to buy a ticket to Empire, the old ticket having expired. Dr. Allen alleges further that he had some patients at Empire who needed his services and that his wife was compelled to remain at home unprotected all night.

MARRIAGES

For January May Outnum-
ber That of a Year Ago.

There is a prospect of an increase in the number of marriages this month over that of last year. Already seven licenses have been issued up to and including Saturday, the 11th. License was issued to Robt. L. Wortham and Miss Hattie Mabrey last Saturday.

REAL WINTER

Shows Up at Last, Much to
Farmer's Gratification.

Sunday was a miserable day. A cold rain fell slowly all day and about 8:30 sleet and snow began to fall. Snow fell pretty much all night but melted about as fast as it fell. Yesterday morning the ground was slightly covered with "the beautiful," and we had the first of real winter to date. The temperature was not very low, but with mud on the sidewalks made Monday the most disagreeable day of the winter. Farmers were hopeful that a deep snow might follow soon, as wheat is badly needing it.

NEGRO LYNCHED.

Darkies Hang Negro Who
Duped Them.

Charlotte, S. C., Jan. 9.—At Pine Level, Johnston county, a strange negro was lynched by a negro mob. The negro, purporting to be advance agent of a "big show," induced the negro residents into attendance on what turned out to be a one-man performance by the negro himself. Their heads covered with guano sacks, the mob entered the negro's boarding house early Tuesday morning and took him forcibly to the woods. His body was found at daylight on the Southern Railroad track. His identity has not been established.

LOWER ROOMS

Of Christian Church Ready
For Use By Sunday.

The improvements on the Christian church have so far advanced that services will be held next Sunday in the Sunday school room on the first floor. The court house has been used for several months for the regular morning services, but all services will be held next Sunday in the remodeled building. The room above will be completed in a few weeks.

"I trust this may be read by many sufferers from kidney and bladder troubles," writes Mrs. Joe King, of Woodland, Tex. "I suffered four years and could find nothing to give even temporary relief. Our druggist at last induced me to try your 30 days' treatment of Pineules for \$1. This one bottle has cured me and money could not buy the value it has been to me. Guaranteed. Sold by Anderson-Fowler Drug Co., incorporated."

SOMETHING GOING ON

Police Have Made Arrests
For Grand And Petit
Larceny.

A WOMAN WAS IN IT.

Negro Boy Arrested For Ap-
propriating Goods of Two
Merchants.

Things at beginning to "look up" again in police circles. Two arrests for grand larceny and one for petit larceny were made Saturday.

Ora Buckner, a colored school teacher, and who stands high in her "set," was arrested on the charge of grand larceny. She is charged with stealing a \$30 set of mink furs from J. H. Anderson & Co. about the 7th or 8th of December last. The warrant, it seems, was sworn out on the best of evidence, as the woman appeared in one of the stores of J. H. Anderson & Co. a few days since wearing the furs. They are said to have been identified by several of the salespeople in the store. The woman was released on bond to appear in court some time soon and make her defense. It is said that her defense will be that a negro boy who was with her the day the furs were appropriated took the furs home and gave them to the defendant, saying at the time that he had picked them up from the floor of the store.

Gus Robb has been in durance vile since Saturday night. He was arrested on the charge of stealing two pairs of pantaloons. His victims are said to be J. T. Wall & Co. and the John Moynon Co. His trial had not been held when we went to press.

Another negro, by the name o Roy Bowles, was arrested on the charge of appropriating a pistol in the home of Pearl Bush, a colored woman. Bowles is a tough character and has recently returned from the penitentiary, where he served a term for stealing or some other crime. When Special Officer Booth Morris went to make the arrest he knew he might meet with resistance but he was on the alert. When he got near the negro Bowles dropped his right hand into his coat pocket as if to get his gun, but Officer Morris got the drop on him and told him if he drew his pistol he would kill him. The negro let his pistol fall to the floor, when Morris took him in charge and landed him in the lock-up.

NEW TRAIN

Will Be Known as "Dixie
Flyers."

Two new L. & N. trains were put out this division yesterday. The new trains are classed as Nos. 94 and 95, and will be known as "The Dixie Flyers." These trains will run through from Chicago to Florida. The first train, No. 95, southbound, passed through Hopkinsville at 9:37 a. m. yesterday, in charge of Capt. Lou Waltz. Capt. F. C. Gephart, will, however, have charge of the run from Evansville to Nashville. He went to Evansville yesterday and will report for the new run this morning. The new train consists of a combination baggage and express car, smoker, day coach, Pullman sleeper and a diner, and is a very handsome train. No. 94, northbound, will pass Hopkinsville at 5:43 p. m. The two new trains will do local passenger work between Earlinton and Guthrie, stopping at Earlinton, Morton's, Nortonville, Mannington, Crofton, Kelly, Hopkinsville, Pembroke, Trenton and Guthrie. This gives Hopkinsville ten passenger trains daily on the L. & N. There are few changes in the old schedule of the L. & N. No. 52, northbound, arrives here at 10:16 instead of 10:08 as formerly.

AMUSEMENTS

In the stage production of "Quincy Adams Sawyer" the essential features of Charles Felton Pidgin's famous New England novel of the same name have been followed, and they are said to have been handled to extremely clever advantage. It is a distinctly enjoyable, both in itself and in the ingeniously natural work of the people presenting it. The production to be seen here at Holland's opera house Jan. 18, by the way, is the same in every detail of scenic production and cast as seen during the New York run recently at the Academy of Music. There is a laugh almost everywhere, despite the tender seriousness pertaining to Alice Pettengill's pathetic figure as the much loved blind girl and to her value as the central feature of the love story. It is a most entertaining picture of rural life and presented on quite a different plan from any other bucolic drama. Its features and typical characters are said to be exceptionally well presented.

Reports from the West show that Nixon & Zimmerman's production of "The Gingerbread Man," A Baldwin Sloane and Frederick Rankin's delightful musical fantasy, have broken the season's records on the Coast, the play having made the biggest hit of anything that has crossed the great divide this year. At Holland's opera house, Tuesday, night, Jan. 21.

Billy Is Dead.

"Billy," the white bulldog that had for two years been the mascot at police headquarters, died Jan. 10, four days after his master, Officer W. T. Broderick, retired from the force. He had been sick for two or three weeks and gradually grew worse until he died. Billy was a great favorite with the policemen and soldier boys. He went to the Jamestown Exposition with Co. D and became the pet of the whole Third regiment. He was very sagacious and had many canine accomplishments.

Last Slips of Famous Willow.
The last of the six willow trees that grew from slips taken from the willow that shaded the grave of Napoleon, at St. Helena, which were planted just opposite the Sand-street gate of the Brooklyn navy yard, has been cut down. Admiral Brees brought the slips to America 50 years ago. The trees began to decay some years ago, with the result that all of them are now down.

Quaint Compliment.

On Mark Twain's seventy-second birthday a Hartford clergyman said to him:

"No wonder he finds happiness in old age. All the aged would be happy if they were as sympathetic and as kind as he. He is constantly, going out of his way to please others, and the result is that he is continually pleasing him."

"Listen, for instance, to the quaint compliment he paid me the last time he came to hear me preach. We waited for him at the church door at the end of the service and, shaking me by the hand, said gravely:

"I mean no offense, but I feel obliged to tell you that the preaching this morning has been of a kind that I can spare. I go to church, sir, to pursue my own train of thought. But today I couldn't do it. You interfered with me. You forced me to attend to you, and lost me a full half hour. I beg that this may not occur again."—New York Tribune.

Only Pipe Dreams.

Up in the choir loft the row of painted angels which ornamented the apex of each organ pipe stared down into the pit of frivolity below.

"Ah," gushed the tall soprano, as she gazed up at the remarkable-looking seraphs, "aren't they dreams?"

"Yes," murmured the short tenor, as he disapprovingly spurned with his foot the double pipe of hymn books which he stood upon to secure the dignity of height, "but, like all other angels we know anything about, they are only pipe dreams."—New York Tribune.

Bouquets for Americans.

I notice that American dressing always seems systematic, never haphazard, and I can not help admiring the way in which they unite Parisian chic and American cuteness in their nappies. One never sees the American waitingressing, or the necktie other than taut and trim.—Daphne in London Black and White.

Women and the Theater.

The first aim of the modern playwright is to please the women in the audience. The second thought is for the female characters in the play. If a play finds favor with the women, it is bound to be a success. The men will go if only because she is there or to act as her escort.—Theater Magazine.

When a person puts on the gospel armor he does not put it on for a time, waiting and hoping for the time when he can cast it off, but he puts it on to stay, and the longer he wears it the more he loves and esteems it.—Rev. C. Miller, Episcopalian, Brooklyn, N. Y.

DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child
—Suffered for Three Months—
Disease Reached a Fearful State
—Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have been bothered with it since. I used Cuticura Soap and Cuticura Ointment. But do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. ITCHING CURED With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my neck in little red pimples and it was not long before it was all over my body, limbs, face and hands. It was so bad that I could not rest night or day and during the six months I did not get a good night's sleep. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the drugstore. I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and will cure others in the same way. J. W. Bloom, R. R. Telegrapher, Hollywood, Mich., Nov. 20 and Dec. 29, 1907."

Cuticura Remedies are guaranteed absolutely pure under the United States Food and Drug Act.

CORN SHOW.

Five Hundred Dollars in Prizes and Souvenirs Given Away.

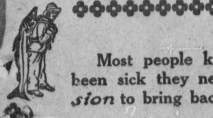

Henderson, Ky. Jan. 11.—A great corn show was held here today. Two hundred and twenty-two samples of the various kinds of corn were on exhibition in the store of the Norris & Lockett Hardware Company. More than 3,000 people visited this exhibit, and premiums, which were high class agricultural implements, were given. There were three kinds of corn, for which first and second premiums were awarded—white and hominy corn, white feed corn, red and yellow feed corn. Five hundred dollars in premiums and souvenirs were given. A move is afoot to have this an annual affair, with the Henderson Commercial Club at the back of it.

Premium Toast.

The Louisville Times recently offered a \$5 prize for the best New Year's toast to Kentucky, and it was won by Rev. Hugh McLeallen, of Richmond, whose toast was as follows:

"Kentucky—not the oldest nor the youngest state; nor yet the richest, nor yet the poorest; nor the largest nor yet the least; but take it all in all, for men and women, for flocks and herds, for fields and skies, for happy homes and loving hearts, the best place outside of heaven the Lord ever made."

These kind words came at a time when they are badly needed. God bless old Kentucky, with all her merits we love her still.

Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

ALL DRUGGISTS: 50c. AND \$1.00.

SIGNOR SCALVINI.

Representative of Italian Government Calls on Gov. Willson.

Has Been Looking Into The Tobacco Situation in Western Kentucky.

Frankfort, Ky., Jan. 13.—Signor Scavini, a representative of the Italian Government in New York, was in Frankfort Saturday and held a conference with Gov. Willson on the tobacco situation in Western Kentucky.

When asked what action the Italian Government would take to recover the loss sustained in the destruction of its property, Signor Scavini said he could not tell, as that matter rested entirely with the Italian embassy at Washington and that he had not consulted the embassy since the raid on Hopkinsville. Since coming to Kentucky he has visited Paducah and Madisonville, two of the points where the Italian Government has warehouses located, and he will return within a short time and make inspection of all of the points and report to his superiors. While the exact value of the Italian property destroyed by the "night riders" in the raid on Hopkinsville has not been definitely decided, it was stated by Signor Scavini that the loss was estimated at about \$10,000.

It was also learned that the Italian Government will hold the United States Government responsible for the loss and that the American Government in turn, will hold the Kentucky Government responsible, and it is said, in view of this the Kentucky authorities consider it cheaper to use the military arm of the law to protect the Italian interests than to be compelled to pay a large sum for the destruction of property when such destruction could be avoided at a much smaller cost.

Nashville Bank Offer.

Paducah, Ky., Jan. 12.—Bankers in the dark tobacco district are not manifesting any keenness to take up the proposition of the American National Bank of Nashville to furnish all the money desired with which to make advances on association tobacco. They insist that they can make as good arrangements to furnish the money as the Nashville institution. The bank at Hardin, Ky., communicated with the Nashville bank concerning the proposition and received a reply to the effect that the Hardin bank should open an account with the American National and deposit security for the advance. The fact that the association fixes the price of its product and demands an advance of 60 per cent. of this value is the great deterrent to securing funds to finance the pool.

NEWMAN'S PLAN.

State Factory as Remedy For Tobacco Situation.

Frankfort, Ky., Jan. 9.—A settlement of the tobacco troubles in Kentucky may be effected by using the convicts in the State penitentiary and the inmates of the school of reform in the manufacturing of plug and twist tobacco under a plan which has been proposed by Senator J. W. Newman. Senator Newman offered a resolution in the senate this morning providing for the appointment of a joint committee of the house and senate to investigate the tobacco troubles and try to arrive at some plan which will bring an end to the difficulties which now present themselves. The committee will try to recommend such action as will insure a square deal to the producer and seller of tobacco and is composed of the following senators: J. W. Newman, Conn Linn and Joe Bosworth.

LOUISVILLE TOBACCO.

Amount Goes There to Escape Cancellation of Policies.

Louisville, Ky., Jan. 10.—Tobacco from all parts of the State is being hurried to Louisville for storage in warehouses where it may be insured in order to escape the cancellation of the policies or the refusal of new risks in accordance with the policy which has been adopted by most of the fire insurance companies doing business in the State, owing to apprehension of further raids by night riders. Local insurance men said today that no orders had been received for the cancellation of policies on tobacco stored here.

THE FINISHING TOUCH.

The Puritan fathers were strict, fast, inflexible of purpose they knew not, nor the meaning thereof.

"Since it is appointed to us," they remarked with grim determination, "to forge a New England conscience, we'll do the business right. We'll forge a New England conscience that will cause the world to sit up and take notice, sassafras sassafras, without end."

The difficulty, as it presently developed, lay in making the affair elastic enough, without losing too fast. "We don't propose to have it passure the first time it goes up against finance, or polite society, or municipal politics," quoth they, and then, as soon as they had wrought their works, the New England conscience was complete.—Life.

RULES FOR A MAN WHO IS CONTEMPLATING MATRIMONY.

Facts to ascertain when meeting an attractive young woman with whom you may fall in love:
Is she selfish? You can tell this in three ways: By the manner in which she listens to what you say; by the way she accepts what you do for her; and by the difference between the way she treats you and the way she treats others.

Is she a hick? If she talks about light things she isn't. Deep, she is. Is she extravagant? By the way she protests against your spending money on her, and always arranges matters so that you can't help but do it.

Is she a bad housekeeper? By the way she dresses. If she isn't apt and span, she isn't. If she is, then she is.

THE SOLUTION.

When you have satisfied your mind that she is all of these things, marry her at once, if you can get her, for the following reasons:

First, because if she really loves you she will change.
Second, because if you love her, it will be so much more interesting.
Third, because you are probably mistaken about her, anyway.—Judge.

Metropolitan Airs.

"Well, how is everything progressing?" asked the patent-churn man, who had just returned from a two-months' absence. "Pruntytown going ahead any?"

"Aw, you betcha 'tis!" promptly replied the landlord of the tavern, who was filled with local pride. "Pruntytown is getting metropolitan and metropolitan every day of the world! Why, lemme tell you: Bilderback, the owner of the Op'ry House, has just whirled in and built a commodious new dressing room for the bloodhounds and an ice house for Eliza. After this, when Uncle Tom's Cabin comes to this town it can be played just exactly as Harriet Beecher Stowe wrote it! And if that ain't going some, I d'know what you'd call it."—Puck.

Hygiene.

The young crown prince of the Canibal islands took careful aim at the plump missionary. His blunderbuss was loaded with birdshot, but there was about a quart of it, and at the distance—10 feet—he was confident of results.

FRENCH PREDICT

CLASH WITH JAPAN

American Fleet Advised to Be On the Watch For an Attack.

Paris, Jan. 9.—The sensational section of the French press continues to dwell upon the probability of a clash between Japan and the United States.

Lo Pressa today publishes a long interview with M. Jacques Flach, the historian and professor in the College of France, who declares his belief that a conflict is certain for the reason that Japan seeks war.

He advises the American fleet to be on the watch for a sudden Japanese descent, and asks:

"Who knows if the attack made by the Japanese on the Russian ships at Chemulpo will not be repeated upon the American ships tomorrow?" Continuing, M. Flach advises Great Britain and France to intervene and put an end to the troubles before it is too late.

The Journal des Debats, a more conservative paper, believes that in the event of a clash Japan would try to seize Hawaii as the territorial key to the situation.

Its timely use always prevents the development of pneumonia. Sold under guarantee at R. C. Hardwick's drug store, 50c. and \$1.00. Trial bottle free.

SOLDIERS REMAIN.

Gov. Willson's Further Plans Not Yet Known.

Now that the special court has adjourned, the question is being asked how long the soldiers will remain. Nothing has yet been done and Gov. Willson will probably not recall the troops for some time. It is not unlikely that the new Fire Marshal, be sent here to resume the investigation, if Gov. Willson is determined to get at the bottom of the trouble. Many clues have been discovered that have not been worked out, as the grand jury only acted on testimony submitted by Mr. Ayers.

The matter is in the hands of Gov. Willson and he will doubtless not abandon the effort to secure evidence until every resource has been exhausted.

How is Your Digestion.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at R. C. Hardwick's drug store.

AIDS TO BEAUTY

PRACTICAL LITTLE HINTS FOR THE WOMAN WHO CARES.

Perspiration Helps to Keep the Skin Clear—How to Cure a Dry Skin—To Remove Blackheads.

Keep Skin Clear—Perspiration opens the pores lavishly, and hence is a prime beauty aid. Dry skin and dry hair are kindly to the complexion and are held to be largely responsible for the fresh piquancy of the young English girls' complexion. The fog seems to lie close against the cheeks, soft and luscious, like kisses from velvety lips. You will find that every one, be it man, woman, or child, who drinks quantities of water will have a clear and soft skin, as pink and white as a baby's. Water, if drunk in great quantities, will cause perspiration, which clears out the pores and makes them healthy. It also cleanses the skin. It prevents the skin from becoming hard, dry and close, and is thus indirectly a preventive of wrinkles.

The stout woman need not be afraid to drink water because she thinks it will increase her weight, for it will not, unless, of course, she drinks it with her meals. It is a mystery why women do not drink more water, for every doctor will advise his woman patients to drink lots of water. It is such a simple remedy and is so much easier to take than medicines. Still, it is almost impossible to make many women believe that they will derive benefit from anything but medicine.

To Remove Blackheads—Blackheads are the result of the skin failing to throw off all its impurities. The perfectly cleansed face has no blackheads. Many who are afflicted with blackheads deny this, as every one likes to think they are clean, but few of us know how to cleanse our faces properly and thoroughly. Not enough can be said about the nightly scrub with the flesh brush and soap and about the morning wash. Wash the face every night, even if you are so sleepy and tired that nothing matters, so long as you get to bed. If the habit is formed, the task will soon become a mechanical one and will be part of the joy of undressing. There is no hope for the girl who is too indolent to do this. She must accept her lot and the blackheads with it.

Different skins need different treatments, but one knows no end of women who go to a beauty parlor, buy a store and buy a cold cream, simply because some of her friends have recommended it. Probably her friend has a dry skin, while she has an oily one, but that does not make any difference; it's a good cream, so she uses it.

Est Oil for Dry Skin—Women who suffer from a dry skin will be wonderfully benefited if they will take a tablespoonful of olive oil after each meal. Benson, which is far too extravagant for many complexions, is excellent for a dry skin. Dry bags will have a wonderful effect upon the too dry skin. To make some fine meal for bags at home, mix four pounds of fine oatmeal and two quarts of clean bran together and add one and a half pounds of powdered orris root, one and a half pounds of almond meal, and one-half pound of white castile soap ground up. Three ounces of sachet powder of any kind to suit one's taste may also be added.

These are simple luxuries and they make the skin exquisitely soft and fresh. They are used exactly like soap and make a soft and fluffy lather. The bags must be stuffed so lightly that they may be rubbed over the face just like a wash cloth. Each bag may be used three times. After each using it should be thoroughly dried in the sun. It is best to make a large quantity of the meal and put it away in closed jars, only filling five or six bags at a time. The bags should be made of soft cheese cloth.

The almond meal is made as follows: Powdered orris root, four ounces; wheat flour, four ounces; castile soap, finely powdered, one ounce; pure borax, one ounce, oil of bitter almonds, ten drops; oil of bergamot, two drops; tincture of musk, one dram. Put into a bottle or jar having a perforated top and shake well so as to mix the ingredients. When ready for use first wet the hands and then shake a quantity of the meal through the shaker top of the jar. Rub the hands together and also over the face, and a delicious lather will form.

Don't Have Rough Hands—Wash your hands in sugar water; dry them with corn meal, night and morning.

A Remodeling Hint.

When buying new goods for an old dress, considerable care must be exercised to select something that will make the old goods look better instead of worse.

It is better to have the new material of a different texture. For instance, new velvet will look better with old silk; black, that has been worn some time will look better if made over with some other color.

If it is desirable to have the dress all black, buy the same color black and change the texture. Black chiffon makes a warm cloth lifeless, while other materials will give it a fresh look.

The bodice linings are often perfectly good while outside is worn out, needing, perhaps, just a cleaning about neck and waist, and some new bones and casings.

They can easily be utilized with little work for the foundations of the more or less fancy waists for house or evening wear.

Halloween.
Stubble and Patty and Billy and ME planned it Awe! at the School yesterday.
Halloween's Night is the time for fun—
That is the Night for the Spirit 3 run! So glad at dark we met up by our Shed; we set off on a run and I Led First thing we did was 2 move Brigham's gate.
Then we went on at a very brisk rate, next was a Joke on Frank Tinker, by dog.
He is a courting Miss Harriet King!
We found his Rig. It was hitched by the Store.
Steve drove it up 2 Miss Harriet's door, when we had fastened the Horse to the Latch
We skipped away through the Gooseberry patch.
Down by the School we found Lots of boys.
They were making a Terrible Noise.
They went in the Entry Way there was a MULE
fast 2 the rope of the Bell of the School!
when we Woud Ticker the Mule with a Kick!
He woud call School every time with His Kick!
Rite in the midst of the Fun summon cried.
"There is the Marshall! Look out, Fellers! Slide!"
Gracious, no heart felt kerplunk with a Thud—
he was a Running towards us for Day! it was a very short time since they had we was arrested for swimming that Way!
if we woud caught we woud suffer this! Maybe you think that us Kids didn't climb!
Somewhere I jested Stub White in the Rush.
down we both cum in the Mud with a Splash!

next thing I felt was a grab at my Feet, jerked away and skipped fast up the Street!
I cool hear Stub running off 2 the West—
I tell yew now that I hipered my best!—
Stub was a Run! He was a Run! He was a Run!
judging by ME when I giet let'er go, next morning ma see to pa, "What a nite! They was a lot of arrests—which is rite! there is a Doseen bad boys now in jail!" Cracky, I felt I was turning quite pall!

"William," sed pa, looking stern as thee goes.
"Yew was knot down 2 the School House Hope!"
"Stubble and Patty and Billy and ME we was fast passing," I sed, "pa, yew we only stopped for a minute 2 play—
Next thing we did—wus—we aw went that wus the truth that I told, anyway—
I never let to my Dad—I don't say if he had seen us a scoting, by gum, he woud believe we wus going—well, Chrome!"

Geet it wuz Phunny the way that thee jingled and jangled the Bell of thee School!

By the Way.
If my pet chemes woud work like the patent medicine men say their medicines do, I woud be rich in thirty minutes.

A friend of mine dreamed he was killing a mosquito the other night. Just as he had swatted the nuisance a terrific slap, he was awakened by a scream of pain from his wife. He had handed on her face instead of on the luckless form of his imaginary mosquito. And now his wife won't sleep with him any more!

Anticipated pleasures are luscious watermelons; the realization of them are citrons.

When you see an old duffer awkwardly engaged in chewing gum, you can safely presume that he is trying to break the habit of tobacco chewing. A rubber eraser is good, too.

A fellow out in my town raised a lot of tomatoes in canning bottles this year, and is experimenting with home-grown chills. He plants sharp blades of grass among his green tomatoes and after the tomatoes are all cut up, he adds the necessary spices by hand, casts the crop in the field and does away with a lot of trouble in the kitchen. I beat him on one thing this year, though. I planted onions under my grapevines and the grapes have been weeping wine into a vat all Fall. Next time you come out to my house, wiggle your thumb and wink.

A Chicago dago tried to hang himself with his suspenders, and the blamed things broke. I have said right along that the curse of this world is "shoddy."

A man must be very rich to have money enough to buy and maintain an automobile, a camera and a baby-grand piano—all in one year.

That's What.
When a town fellow visits a country home and they set him down to a table laden with hickory-wood smoked ham as sweet as nectar, fried eggs fresh from the chicken factory, home-made bread, butter churned before breakfast, milk and cream that has never seen chalk or water, with a score of sweetmeats and pastries and fruits, and then apologize to him for not having something to eat, he cannot help but wonder why they do have when they are expecting company—Girard (Ill.) BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only falsity, who, without making an effort to inform themselves, blantly cry offense against honest people—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedy is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the disease peculiar to women.

Truth and Influence. A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. R. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials to the effect that they cure diseases for which they are recommended.

True Speaking. No man ever lost a prospect by telling the truth. In the long run, the man who tells the truth will prevail and he is therefore not afraid to make public his formula.

Valuable Trade Secrets. The ingredients of Dr. Pierce's Favorite Prescription are given to the public. He vindicates his excellence and harmless character of his "Prescription" by letting alling women know just what they are taking when they use it. He knows that his patients for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Blue Cohosh root, Unicorn root, Blue Cohosh root, Lacy Slipper root, with chemically pure glycerine of proper strength for

extracting and preserving the active medicinal principles residing in the above native roots.

No Alcohol Used. Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his Favorite Prescription or his "Golden Medical Discovery," the well-known alternative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used as a proper and sustained temperature than is alcohol; and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective anti-ferment. Although costing somewhat more to procure than alcohol, glyceric medicinal extracts will, in the end, be more economical, as they are not so distant, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary no matter how good or well adapted to the case it may be in order to obtain permanent results.

Dr. Pierce's "No Prescription" is true enough, as in obtaining constipation, the little, pleasant, sugar-coated "Pillules" are taken, and the medicine is being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary no matter how good or well adapted to the case it may be in order to obtain permanent results.

ONLY ONE.

The Record in Hopkinsville Is A Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Hopkinsville citizens testify to this. Here is a case of it:

J. W. Pritchett, 752 E. Seventh street, Hopkinsville, Ky., says:

"Four years ago Doan's Kidney Pills which I procured at L. A. Johnson & Co.'s drug store brought me such great relief that I was glad to tell the people of Hopkinsville my experience with the remedy. Before using them, pains existed in my kidneys and in the back which caused me a great deal of annoyance. I saw Doan's Kidney Pills advertised so highly that I concluded to try them. They proved to be an excellent remedy, relieving me of the aching in my back and helping me in other ways. I have great faith in Doan's Kidney Pills and I am sure if people who have kidney trouble will use them according to directions they will be satisfied with the results obtained."
